Poštovani!

Čakovec je po šesti put domaćin Međunarodne izložbe karikatura, koja okuplja crtače iz svih dijelova svijeta, a nama omogućuje da se neposredno upoznamo sa autorima, njihovim izričajem te novim trendovima.

Karikatura se pojavila u 16. stoljeću, a danas je uglavnom vežemo uz novine, gdje je ravnopravna i priznata novinarska forma. Kritika je to ili komentar aktualnih događanja, društva ili osoba, ali i često malo umjetničko djelo koje izražava osobnost karikaturista. One možda nisu razlog zašto kupujemo novine, no sigurno ih svaki put pogledamo i razmislimo što je autor htio reći ili naglasiti. Novi mediji otvaraju nove mogućnosti karikaturistima, koje će oni sigurno iskoristiti.

Ovogodišnja tema izložbe, bicikli i cikloturizam, došla je na pravo mjesto. Nekad smo bili prepoznatljivi po velikom broju bicikala kojima su ljudi odlazili na posao. Danas smo regija u kojoj se razvija cikloturizam, ali i u kojoj se velik broj građana rekreira biciklirajući međimurskim bregovima i dolinama.

Drago mi je da se ovaj festival etablirao u našem gradu, da raste te svima nama omogućuje da vidimo radove iz cijelog svijeta. Autorima koji će tijekom trajanja festivala boraviti u našem gradu želim da se kod nas dobro osjećaju, a publici uživanje u izloženim radovima.

Srdačno,

gradonačelnica Grada Čakovca
Ljerka Cividini
